

1 July 2024**Dear Resident**

Upcoming works in your area

Rockbank diversion sewer

We are installing a new 1.7km sewer main along Greigs Road, Rockbank so that we can respond to local growth and provide a safe and reliable sewer service to the community. The new main will be built in the road reserve and run west from the intersection of Troups Road North and Greigs Road to 500 metres west of Mt Atkinson Road.

What to expect

While we will make every effort to minimise disruption and inconvenience to you, the following can be expected:

- Early works will start on 4 July 2024.
- Work will be carried out in two stages and will take approximately **four to five months**:

Stage 1 – Day works

- Starting in late July 2024 from 7am to 5pm Monday to Friday.

Stage 2 – Night works

- There are two locations for night works:
 - Site 1 – Starting in either late September or late October, on the corner of Troups and Greigs Roads and taking between 3-5 nights
 - Site 2 – Starting in either late September or late October near 36 Greigs Road and taking between 3-5 nights
- Night works will take place between 8pm and 7am.
- We will notify you in advance if you are likely to be impacted by night works.
- There may be construction noise and dust from machinery and construction vehicles during working hours.
- Your water and sewerage services will not be interrupted during these works.
- These works will be carried out on our behalf by Jaydo.

Changes to traffic

Changes to traffic will include:

- You may notice temporary speed reduction and lane closures.
- We will need to restrict traffic down to one lane during night works when crossing Troups and Greigs Roads.

- Troups and Greigs Roads will remain open, except for one night towards the end of October when we resurface the road.
- Traffic management will be on site to help vehicles, pedestrians and cyclists move safely through the area.
