

24 July 2026

Dear Resident

Watermain construction works in your area

Rees to Bridge Road Watermain Upgrade

As Melton continues to grow, particularly in Melton South, Greater Western Water is returning to replace the interim water supply solution put in place to manage the risk of low water pressure during peak times.

We're installing a new permanent underground water pipeline between Rees and Exford Roads, along Exford Road, and along Bridge Road. These works will replace the interim above-ground pipeline installed in December 2024 with a long-term, reliable water supply solution.

From **late August 2026**, works on the Rees to Bridge Road Watermain Upgrade will commence.

The project will be delivered in three stages:

- **Stage 1:** Construction of the new watermain between Rees Road and Exford Road within the future road reserve (**Sept– Dec 26**).
- **Stage 2:** Construction of the new watermain along Exford Road (**Nov-Feb 27**)
- **Stage 3:** Construction of the new watermain along Bridge Road (**TBC**)

We will provide further information to affected residents and businesses before works commence in each stage.

The new pipeline will continue to support the growing Melton community and ensure Greater Western Water can continue to provide safe and reliable water services now and into the future.

This project will be delivered by **JAYDO** on behalf of Greater Western Water.

What to expect

While we will make every effort to minimise disruption and inconvenience to you, the following can be expected:

- We will work from **7am to 5pm, Monday to Friday**.
- We will notify you in advance if works outside these hours are required.
- A site compound will be set up near the intersection of Enrica Drive & Guthrie Drive.
- For safety reasons, the road reserve area will be fenced off and will not be accessible to the public while construction is underway.
- There may be construction noise and dust from machinery during work hours.
- Your water services will not be interrupted during these works.

- You may notice increased construction traffic during these works

Location of works

Alignment of new watermain is marked in blue

Location of site compound is marked in red

Need more information?

We'll be at **Opalia Plaza** in front of Woolworths on **Saturday 15 August**, between **11am and 2pm**. Visit us to:

- Learn more about the project
- Understand the project impacts
- Have your say on what legacy outcomes would benefit the community most.
